WIN FOR COONGULLA

Coongulla has been one of the successful CSEP Projects!!

This means that we get our Ultralight Vehicle for the local Fire Shed!

Because Geoff Lynch, Fire Captain, and **countless** volunteers have relentlessly fundraised, and had faith that we would get it has finally paid off!!!

Out of 233 applications, we are one of 69 successful brigades to get the vehicle.

The vehicle will be a Mitsubishi Canter 4WD with 650 L tank on the back, and all the gear to go with it, which means that if there is a fire event in this town, anyone in the brigade can drive the vehicle. They don't need to have a truck license to respond to a call out. It's a win for a small town no-one seems to know exists except us... the people that love Coongulla with a passion..

It may be a few months until we see the vehicle parked at the fire shed, it is a done deal and it now belongs to the community!!

THANK YOU COONGULLA RESIDENTS FOR SUPPORTING OUR LOCAL CFA.YOUR SUPPORT AND FUNDRAISING EFFORTS HAVE BEEN FINALLY REWARDED. LET US ALL KEEP SUPPORTING AND PUTTING OUR HANDS IN OUR POCKETS TO SUPPORT THE PEOPLE THAT TURN OUT WHEN WE NEED THEM MOST.
